### Vigoro - The Home Depot

A water timer is a device that connects to a sprinkler or irrigation system to control the water flow to the system. It allows you to set a schedule for watering your lawn and other garden features, so the sprinklers automatically turn on and off on the days and at the times that work best for your landscape.

Water up to four areas of your yard with an Advanced Four-Zone Electronic Water Timer. Easily select up to four separate start times on each valve to water exactly when you want. Avoid wasting water when it rains with the handy Rain Delay option to pause the watering schedule for up to 7 days, the schedule will resume when the delay is over.

### Vigoro Advanced 4-Zone Electronic Water Timer | The Home ...

We replaced it with the Orbit 62061N-91213 Single Dial Water Timer, which seems to be much sturdier. Functionally, the Orbit is better in one other respect: It's manual setting allows you to have it water for a certain number of minutes and then turn off automatically; the Vigoro requires you to manually turn it on and turn it off.
